REGISTRATION UNDER GST

We have been receiving many enquiries from members regarding the above. We would like to update the members about the recent meeting held of Regional Advisory Committee where several Commissioners of Service Tax Department, Mumbai as well as from BGTA Mr Mahendra Arya, Former President and Mr Abhishek Gupta, Honorary Joint Secretary were present.

It was informed by the Service Tax representatives to BGTA representatives that our members who are registered under Service Tax should complete the procedure for migration under GST and get their provisional GST number.

Under Service Tax there was centralized registration possible but it was clearly informed to us that there is no such provision under GST and members will need to register in all states where they have operations. However we have checked with our national associations; they are still exploring the possibilities of a centralized registration. Our advice is that for the time being our members should register their HO address which is already present in Service Tax registration. We will follow directives of our national associations who are dealing with Central Government for other states registration.

Thus we request all members having Service Tax registration to complete the GST migration process at the earliest. A step by step guide received from the CBEC website is attached for easy guidance to members.

In case any member has any query or doubts, it can be sent to BGTA by email or courier. We will compile all queries from the members and seek the reply from the Service Tax Department in shortest time possible.
